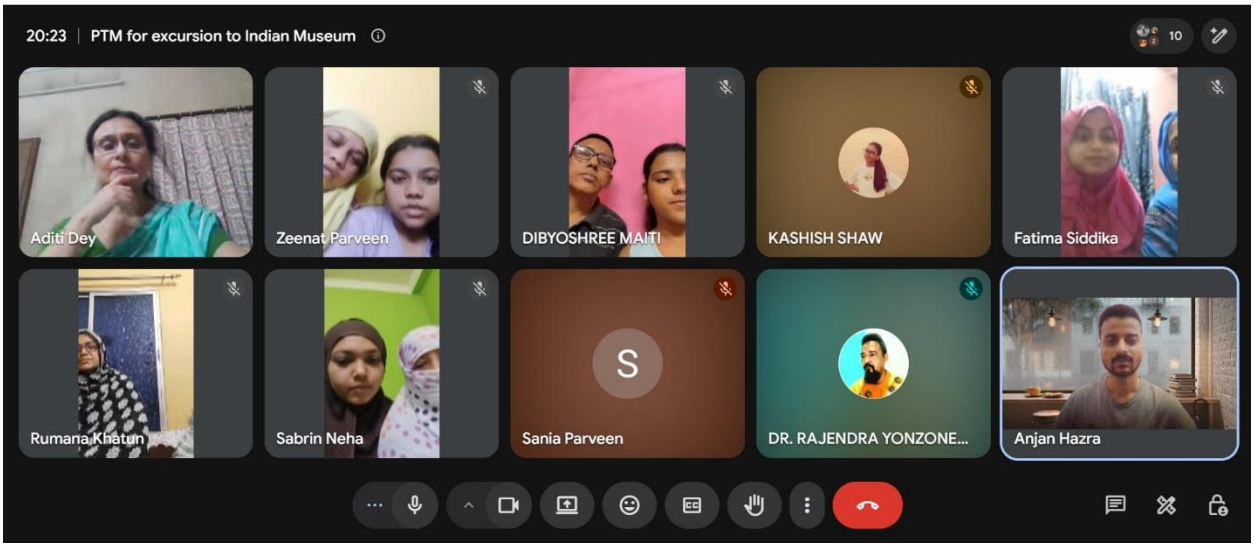
Report on Parent–Teacher Meeting for Educational Excursion to the Indian Museum
Organised by the Department of Botany, Victoria Institution (College) Date 15.07.2026

A Parent–Teacher Meeting was organized by the Department of Botany, Victoria Institution (College), in preparation for the proposed educational excursion to the Indian Museum, Kolkata, for the students of Semester IV. The excursion is planned as part of the NEP curriculum to facilitate the study of paleobotanical specimens, enabling students to gain practical exposure to fossil plant diversity and their evolutionary significance.

The meeting was attended by the Head of the Department, Dr. Rajendra Yonzone, who encouraged students to actively participate in the academic visit. Smt. Aditi Dey and Dr. Anjan Hazra briefed the students and their parents/guardians about the objectives of the excursion, itinerary, reporting time, travel arrangements, safety measures, code of conduct, and other logistical details. They also addressed queries raised by the parents and emphasized the educational importance of the visit in strengthening classroom learning through firsthand observation of museum collections.

A total of 7 Semester IV students, accompanied by their respective parents/guardians, attended the meeting. The interactive session concluded with the parents expressing their support and appreciation for the initiative undertaken by the Department of Botany.



Students with parents attended the meeting with teachers
