

Celebration of World Environment Day, 2026

Institution's Innovation Council, Innovation Cell, Departments of Botany, Geography and Zoology in collaboration with IQAC have successfully celebrated the World Environment Day, 2026 on 5th June, 2026.

The day began with the inaugural session, followed by an expert talk on climate change. Resource person was Prof. Soumendu Chatterjee, Dept. of Geography, Presidency University. After his engaging talk there were several students activities like poster presentation, model demonstration and idea pitching. Theme of the session was Climate Smart Innovation/Technology.

Students visually communicated the impacts of global climate phenomena, designed and showcased working or conceptual physical models. Moreover Students presented commercial or community-level proposals on how "Climate Smart" concepts can be practically implemented to mitigate local and global climate vulnerabilities.

Overall it was a vibrant day celebration which successfully shifted the campus narrative from passive environmental concern to proactive implementation ideas.

Inaugural Session

Expert Talk
