Department of Psychology

Victoria Institution College

Victoria Cares is the new Mental Health Assistance Program introduced by the Department of Psychology. We understand at present times many of us may feel anxious, stressed, upset, disappointed or lonely.

We at the department open our arms for any mental health support for the teachers, non teaching staff and students of this Institution.

HODs are hereby requested to inform all students and teachers about Victoria Cares Mental Health Assistance Program. Should any one require any mental health support please contact our department at earliest.
