

## **EDUCATIONAL VISIT ORGANIZED BY ECONOMICS DEPARTMENT, VIC**

The Department of Economics successfully conducted an educational visit to the RBI Museum on 07/05/2025 (Wednesday) as part of a departmental activity. Students reported to the college by 11:45 am, and the team departed at 12:00 noon as scheduled. The visit proved to be highly informative, offering students valuable insights into the history of currency, monetary policy, and the vital role of the Reserve Bank of India in the Indian economy.

All logistical arrangements, including transportation and food, were well-coordinated and fully sponsored by the department. The active participation and enthusiasm of the students greatly contributed to the success of the programme.

The Department sincerely thanks our respected Principal Madam for her kind support and for giving us the opportunity to organise such an enriching educational experience. We also extend our heartfelt appreciation to all the students for their spirited participation and cooperation throughout the visit.
