

Staging of Synge's Riders to the Sea

The English Department students of Victoria Institution (College) staged *Riders to the Sea* by J.M. Synge on 22 September 2025 with impressive emotional depth and sincerity. The performance effectively portrayed the tragic life of Maurya and her family, highlighting themes of loss and fate. Minimalist stage design, appropriate lighting, and subtle sound effects created a somber atmosphere, while traditional costumes added authenticity. The actor playing Maurya delivered a particularly powerful performance through expressive acting and voice modulation. Smooth direction and coordination ensured a steady flow, making the production a moving and successful presentation of the play. Some photographs of the play are as follows:
