

Extension Lecture organized by Geography department, VIC

An Extension lecture was organized by Geography department on 20th November 2025 from 12.30 PM to 2.30 PM at Suniti Sabhagar. The speaker of the lecture was Tamoshree Charkraborty, an alumnus student of Geography department who secured first rank in Masters from Jadavpur University. Her topic of presentation was Effects of Land Use and Land Cover on the Top Soil Organic Carbon Stocks in the Raidak Interfluve, Cooch Behar district, West Bengal. The lecture was inaugurated by Principal Dr. Maitreyi Ray Kanijilal in presence of Dr. Saswati Nayak, HOD and other faculties of the department. Her support and encouragement were immense for this lecture session. The students of the department were also benefitted through this knowledge sharing lecture. Some photographs of the programme are as follows:

Motivating speech delivered by our Principal Dr. Maitreyi Ray Kanjilal

Felicitation of Tamoshree Chakraborty by Principal Dr. Maitreyi Ray Kanjilal and Dr. Saswati Nayak HOD

On going presentation by Tamoshree Chakraborty

Vote of Thanks by Smt. Pubali Ghosh, Associate Professor, Geography dept
