

WORKSHOP (DAY II) ORGANIZED BY DEPARTMENT OF GEOGRAPHY, VIC

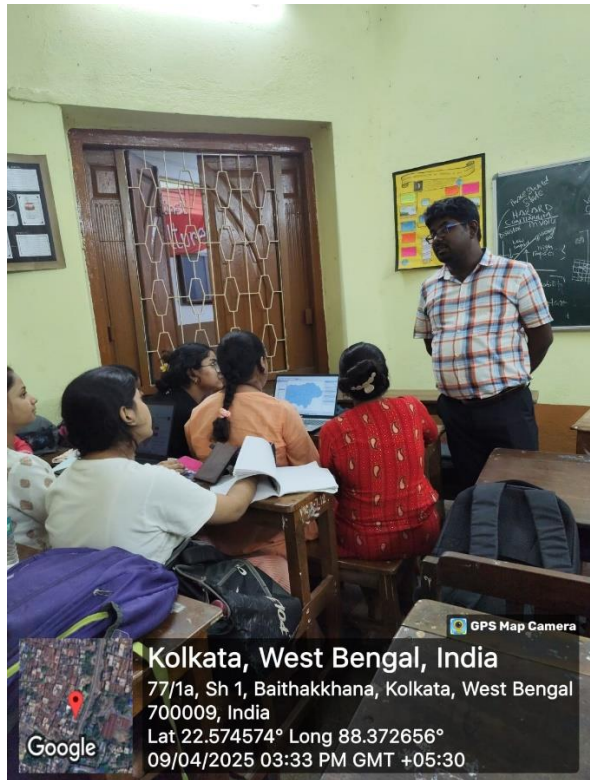

The second day of the workshop “Geospatial Analysis of Landslides: Techniques for Mapping, Monitoring and Risk management” has been organized by Department of Geography on 9th April 2025 in collaboration with IQAC, Victoria Institution (College) for the Semester 6 Honours students of the department in Room no. 7. The resource person was Sudipto Halder, Senior Research Scholar in Jadavpur University and Guest Lecturer in the Department of Geography, Calcutta University and he conducted a hands-on training on Arc-GIS in preparing advanced maps and diagrams. We are grateful to our respected Principal Madam, Dr. Maitreyi Ray Kanjilal for her support and encouragement in making this workshop a successful one. Both the students and the faculties of Geography department were highly benefited academically from this workshop.
