Departmental Reunion organized by the Dept. of Physics on 13.12.2025

The Department of Physics organized a departmental Reunion : "Convergence 2025 – A Journey Through the Waves of Knowledge and Memories" on 13th December 2025 The event brought together present faculty members and students along with former teachers of the department and alumni, creating a warm and nostalgic atmosphere.

The event began with a heartfelt welcome to the former teachers and alumni by presenting flowers and personalized messages prepared especially for them. It was followed by sharing of experiences and memories by delegates about their days in the department. Their reflections not only revived fond moments but also served as a source of inspiration and motivation for the present students. Then, the alumni introduced themselves and spoke about their professional journeys, and the paths they pursued after graduation, offering valuable insights to the students. Present students and alumni added vibrancy to the reunion by participating enthusiastically in a small cultural programme comprising of poetry recitations, songs, and dance performances. These activities filled the hall with joy, laughter, and a strong sense of togetherness. Overall, the reunion was a memorable and joyful experience that strengthened the bond between past and present members of the department. The Department of Physics hopes to continue organizing such reunions periodically to celebrate shared memories and foster lasting connections in the years to come.
