

Two Day Long Extension Lecture in the Department of Psychology

A Two Day Long Extension Lecture has been arranged by the Department of Psychology in Suniti Sabhaghar on 16th and 19th of July, 2025. Our esteemed Speaker was Dr. Tamaghna Goswami from the Department of Psychology, Jogomaya Devi College, kolkata. His topic of lecture was 'Statistics of Correlation' which was structured based on the curriculum of Psychology for Semester IV, CCF. Respected Principal Madam felicitated the guest speaker and delivered an inspirational and informative speech at the beginning of the program. The duration of the session for each day was 4 to 5 hours and each day almost all the students of semester 4 were present to attend it. The sessions were useful for the pupils to develop a holistic concept about statistical description and inference. The event was indeed a satisfactory and successful one. The pictures of the event are as follows:-

Respected Principal Madam felicitating the Guest Speaker, on the 16th of July, 2025, the day 1 of Two Day Long Extension Lecture arranged by the Department of Psychology at Suniti Sabhaghar in Victoria Institution (College) on 16th of July, 2025.

On the 19th of July, 2025, the second day of Two Day Long Extension Lecture on Statistics our esteemed speaker Dr Tamaghna Goswami taught the students how to work out the sums of Correlation at Suniti Sabhaghar, Victoria Institution (College).
