

Policy of COs - POs attainment under CCF

Victoria Institution (College), Kolkata -700009

Attainment of COs

Calculation of overall COs attainment of individual student for each course has been done giving 40% weightage to the Internal components and 60% weightage to the External components.

Internal components comprises of regular class performance and continuous internal evaluation (i.e. class tests, quiz, students seminar, peer teaching etc).

External component comprises of End Semester examination (i.e University Examination) held at home or/and away centre.

The attainment level of a particular course (based on 3 point scale) has been calculated considering the performance of all the students of the course using the following formula

For Students of 4 year B.A./B. Sc./B. Com Major

More than 50% Students scoring $\geq 60\%$ of max Marks : Attainment level = 3

40 -50% Students scoring $\geq 60\%$ of max Marks : Attainment level = 2

else Attainment Level = 1

For Students of 3 year B.A./B. Sc./B. Com MDC

More than 50% Students scoring $\geq 50\%$ of max Marks : Attainment level = 3

40 - 50% Students scoring $\geq 50\%$ of max Marks : Attainment level = 2

else Attainment Level = 1

Attainment of POs

Calculation of overall POs attainment of individual student studying 4 year Major or 3 year MDC programme has been done giving 80% weightage to the direct method and 20% weightage to the Indirect method.

- **Direct method : From CGPA (based on 10 scale)**
- **Indirect Method : From Exit survey (on 10 scale)**

Final attainment of POs (on 10 point scale) = $0.8 \times$ attainment from direct method + $0.2 \times$ attainment from indirect method

If any semester is not cleared by a student (N.C. will be written in place of CGPA) and for this case the overall POs attainment will be written as N.A.

The attainment level of a particular programme has been calculated considering the performance of all the students of the programme using the following formula (based on 3 point scale) :

For 4 year Major programme

Direct Method

More than 50% Students scoring ≥ 6 CGPA : Attainment level = 3

40 -50% Students scoring ≥ 6 CGPA: Attainment level = 2

else Attainment Level =1

For 3 year B.A./B. Sc./B. Com MDC programme

Direct Method

More than 50% Students scoring ≥ 5.0 CGPA : Attainment level = 3

40 - 50% Students scoring ≥ 5.0 CGPA: Attainment level = 2

else Attainment Level = 1

Indirect Method for both 4 year Major and 3 year MDC programme

POs attainment level Feedback of more than 60% Students ≥ 6.0 : Attainment level = 3

POs attainment level Feedback of 40 - 60% Students ≥ 6.0 : Attainment level = 2

else Attainment Level = 1

Final attainment of POs = $0.8 \times$ attainment level from direct method + $0.2 \times$ attainment level from indirect method.
